\*Advanced eighth grade students have the opportunity to take two high school courses while in the 8th grade. The courses and requirements are listed below. The grades received in these courses will be on the high school transcript, calculated in the high school GPA, and be given high school credit towards graduation.

Honors Physical Science

Requirements for entrance:

1. Student must have a grade of "A" in each semester of Science 7
2. Recommendation of the Science teacher, who will give a list to the Administration at the end of the school year

Honors Algebra I

Requirements for entrance:

1. The student must have a grade of "A" in each semester of Pre-Algebra
2. Receive a scaled score of 1100 on the STAR Math Assessment in May
3. Recommendation of the Math teacher, who will give a list to the Administration at the end of the school year
