

## HOW TO DOWNLOAD ETEXTBOOK CODES

### BJU Press -

**Step 1** - Get your codes from BJU Press by logging into your account, created when you bought your ebooks at this web address: <http://bjupresshomeschool.com> (BJU press says the code should be available within 30 minutes after making your purchase)

Under 'My Account' you will see **VitalSource eTextbooks** on the bottom of the right column. There you can copy and paste your codes in an email to your student to load into their VitalSource account.

**Step 2** - Load codes to VitalSource. To do that go to [www.vitalsource.com](http://www.vitalsource.com) and create an account, if you don't already have one. (Hit the **SIGN IN** button to create an account) The codes are redeemed through this website. Be sure to order the ebooks with an email address you can access.

Once in your Vitalsource account, hit **Redeem Code** in the box under "Get Started". Paste your codes one at a time in the box to redeem your etextbooks.

**Step 3** - On your iPad, go to your **VitalSource Bookshelf** app and log in (with the same credentials used to create your VitalSource account online) to see your books. They will populate in the app automatically.

### Abeka Book -

**Step 1** - Your codes will be emailed to you from this email address: **bookstore@goecs.org**. Please also look in your SPAM folder for an email from this address when looking for your codes.

### **Christ Centered Life Store -**

There are no codes to download from Christ Centered Life Store. You will get a certificate emailed from Christ Centered that your student should show their math teacher on the first day of school as proof of purchase. The teacher will then give the student access to the book online.
