SENTINEL FUND 2026 - 2027

SENTINEL FUND 2025 - 2026 ACCOMPLISHMENTS

Thank you, Sentinel Family, for your incredible generosity!

Because of you, generosity at ECS is making a lasting impact. Together, we are investing in our students, creating new opportunities for families, strengthening our campuses, and most importantly advancing the Kingdom of God. Every gift of every size has a purpose. Every act of generosity makes a difference. Together, we are helping create opportunities that will impact students for generations to come.

EVANGELICAL CHRISTIAN SCHOOL

SENTINEL FUND 2026 – 2027

ENHANCING STUDENT EXPERIENCES. CAMPUS IMPROVEMENTS. SUPPORTING FAMILIES.

The Sentinel Fund is ECS's annual giving initiative for our ECS family to invest in opportunities that extend beyond the everyday classroom experience. Through generous contributions, the Sentinel Fund supports meaningful projects and initiatives that enrich student life, enhance our campuses, provide financial assistance to families, and further our mission of Christ-centered education. Unlike tuition, which supports the school's daily operations, gifts to the Sentinel Fund help make additional improvements and opportunities possible. Each contribution, regardless of size, plays a role in strengthening the ECS experience for today's students and future generations.

MAKING CHRIST CENTERED EDUCATION POSSIBLE

FINANCIAL ASSISTANCE

At Evangelical Christian School, we believe children deserve the opportunity to receive a Christ-centered education, regardless of their family's financial circumstances. Through need-based tuition assistance, we help bridge the financial gap for families who desire an ECS education but may not otherwise be able to afford it.

Gifts to the Sentinel Fund designated for financial assistance directly support students and families, helping make Christian education more accessible while easing the financial burden of tuition. Every contribution, no matter the size, helps open doors for students to grow academically, spiritually, and personally in an environment rooted in biblical principles.

Together, we are investing in more than tuition. We are investing in students, strengthening families, and creating opportunities for the next generation to grow in faith and fulfill their God-given potential.

ATHLETICS ENHANCEMENTS

Creating New Opportunities to Play & Compete

The addition of tennis and pickleball courts at our Colonial Campus will expand athletic opportunities for students across ECS. Beyond competitive athletics, these new facilities will support PE classes, clubs, practices, and recreational activities, giving more students the opportunity to discover new interests, develop skills, build friendships, and experience the teamwork and school spirit that make athletics an important part of the ECS experience. We are also in the final stages of completion for our practice soccer and football field and beach volleyball courts.

ACADEMIC & FACILITY ENHANCEMENTS

A Place to Learn, Connect & Belong

We envision transforming our existing Colonial student library into a vibrant Student Learning & Community Center designed to inspire connection, collaboration, and a sense of belonging. Through thoughtful renovations, flexible study and gathering spaces, and modern, comfortable furnishings, this reimagined space will become a central hub for student life. Whether studying independently, collaborating on projects, connecting with friends, or simply recharging before, during, and after school, students will have a welcoming environment to learn, grow, and build lasting relationships. The center will also serve as an extension of our outdoor dining area, providing additional indoor seating and gathering space during inclement weather or extreme temperatures. More than just a renovated space, this investment will help foster a stronger sense of community and school pride at ECS.

FACILITY & BEAUTIFICATION ENHANCEMENTS

Creating a More Welcoming Campus

Improvements at the Beacon Campus will enhance both student comfort and the overall family experience. Plans include adding covered structures to better protect middle school, K4, and lowerschool students, teachers, and families from the elements during drop-off and pick-up. Primary focus being middle school area and will address other areas if funds allow.

CAFETERIA (PHASE 2) ENHANCEMENTS

Creating a Better Place to Gather

Building on the improvements already underway, Phase 2 of the cafeteria enhancement will focus on purchasing and installing new cafeteria tables and chairs designed to create a more comfortable, functional, and welcoming environment for our students. The cafeteria is more than a place to eat—it is where students connect with friends, build relationships, and experience community throughout the school day. Your generosity will help transform this everyday space into an environment that better reflects the quality and experience we want for every ECS student.

YOUR GENEROSITY, THEIR FUTURE, HIS GLORY

An Invitation to Make a Lasting Impact

At Evangelical Christian School, we believe God has incredible plans for our students and the future of our school. Through the generosity of our ECS family, we can continue creating opportunities, enriching student experiences, and advancing Christ-centered education.

We Invite You to Prayerfully Consider Giving

If God places it on your heart, we invite you to consider making a sacrificial gift to the Sentinel Fund. Every gift, regardless of size, makes a meaningful difference.

Together, we are investing in students, building for the future, and glorifying God through it all.
